Rights List – Stories for Children and Young Adults

Thinking outside the box, telling good stories, sparking the imagination, broadening horizons, or explaining the diversity of the world. Books can do all these things and many, many more. Because good books help us to grow better.

With new German-language titles for all age groups from very young children to young adults, the Frankfurter Buchmesse's *Rights List – Stories for children and Young Adults* will be travelling the world again this year.

German-language children's and young adult books are very much in demand among international licensees and a real export hit for German, Austrian and Swiss publishers, being the top selling foreign rights category.
